Feb. Agent of the Month

TAMMIE SMITH

Tammie was born June 22nd in Jackson, Mississippi. She has one son, Ryan, who is 23 yrs. old. She moved to Austin in September, 2014. I asked her why did she move to Austin? She said, she wanted a “new beginning” and she has a sister that lives in Round Rock. In September 2014 is when she started working for Harte-Hanks. Blue Cross Blue Shield was the first account she worked on for about three months before going to FedEx, Revenue Services. Although she is a people person, she got tired of the verbal abuse from the customers, so when CHT was started she jumped on the bandwagon. She is one of the first ten to start the new L.O.B. She really

In September 2014 is when she started working for Harte-Hanks. Blue Cross Blue Shield was the first account she worked on for about three months before going to FedEx, Revenue Services. Although she is a people person, she got tired of the verbal abuse from the customers, so when CHT was started she jumped on the bandwagon. She is one of the first ten to start the new L.O.B. She really

loves her job here on CHT. She says the best part of her job is the research. She loves to read about the companies and the people we have to research. Here's her favorites: * Favorite color-blue, *Favorite food- anything seafood, *Favorite place- Lake Tahoe, NV, * Favorite quote- "In every thing give thanks: for this is the will of God in Christ Jesus concerning you". 1 Thessalonians 5:18 Her favorite hobby is gardening, but she loves just being outside. Tammie's passion is people and exploring new cultures and traveling to new places. Her dream vacation is a cruise around Australia. Her goal is to do that for her 50th birthday next year. I say let's go girl. That would be awesome! Her most influential person is her mom Rosie. If she is anything like Tammie, she's a very special lady. I asked her why is she smiling all the time and so happy. She said because of her relationship with Jesus and the peace, joy and love He brings. Finally, her favorite saying is "Courtesy costs nothing."
