Agent Corner

A big big welcome!

As of Nov. 6th, we have a new team member. Let's give a warm welcome to Matt Pryor. I had the pleasure of interviewing him, so here are the facts. He is 25 years young. He was born and raised in Carlsbad, New Mexico; the home of Carlsbad Caverns. It is definitely something to put on your bucket list to see. Matt graduated from Eastern New Mexico University with a Bachelor of Fine Arts (BFA) degree in Interdisciplinary Arts with a minor in Animation, Computer Graphics and Telecommunications. As you can imagine he is very talented at drawing and loves to paint with water colors as well as digital painting and ink sketching.

I asked him when he moved to Austin and why. June of this year he decided to take his chances with a fresh start here in Austin. He started working here at Harte-Hanks in Sept. and is now our newest team member.

WHAT'S NEW?

PIN IT!

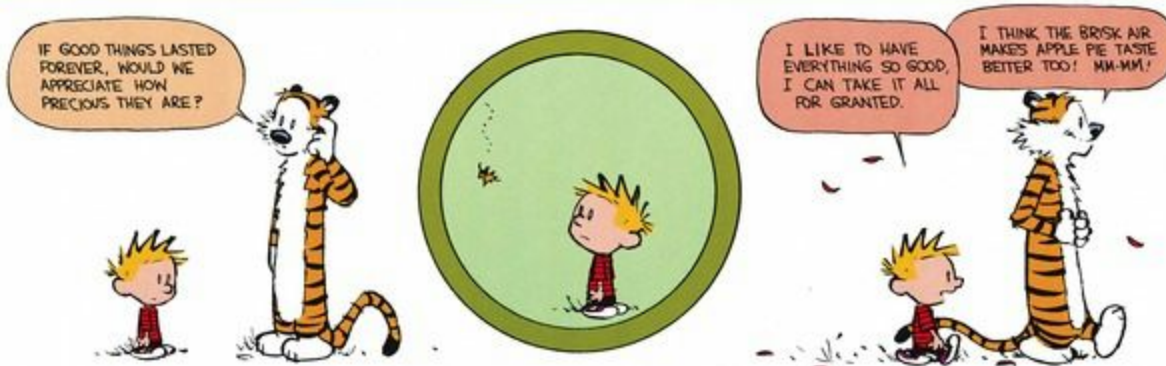

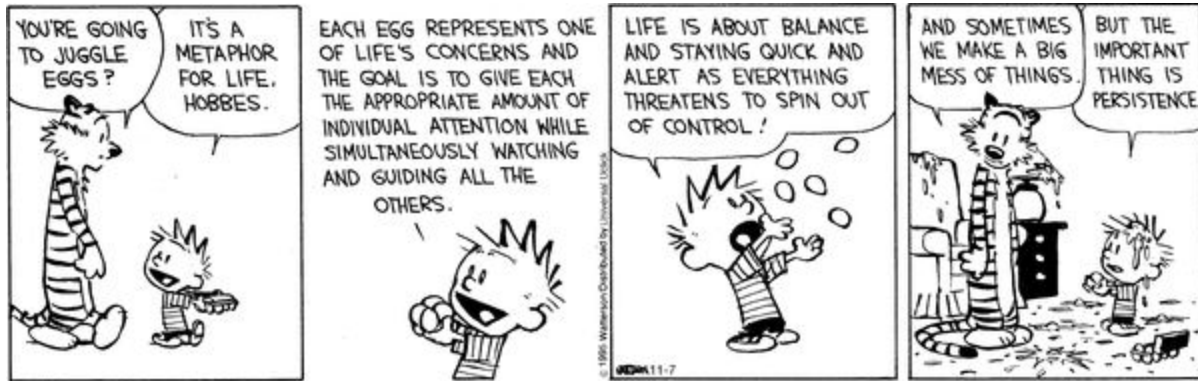

We have a new work procedure. 15 to 20 mins before you are done with your work, go to the desk of the D.O.W., ask for more work and move your personalized clothes pin to its designated place for tracking purposes.
